SCHOOL FACEBOOK PAGE

Dear parents and carers,

To further aid communication, we have set up a school Facebook page. This page will be used to spread the word about school events, PTA events and important updates.

Our page can be found by searching for 'Homefield VC Primary' and can be identified by the school logo and the website banner across the top (four children in Homefield uniforms looking rather happy).

This page is not to share news about individual children and we will not be adding photos of children at any point. If we plan to change this, we will consult with parents in advance.

Although we cannot stop comments from being added to our posts on Facebook we will not be responding to any that are added. If you have a question about an event please ask at the school office.

Nothing will be added to our Facebook page that hasn't been in a newsletter, sent in a text or been included on the outdoor screen. Therefore, if like me, you are not overly familiar with the ways of Facebook, you will not miss out on any school news.

Thanks,

A stylized, handwritten signature in black ink, appearing to read 'Ryan Freeman'.

Ryan Freeman
Headteacher
