Dear Parents/Carers,

1st February 2018

Our records show that your child is currently in receipt of Pupil Premium Funding. We have been using this money in lots of different ways to boost academic performance and social skills. We have held intervention groups, provided pastoral support, funded school trips and laid on free music lessons. This year we will be opening the "Generations' Project" which we hope you will participate in and make it a real success.

The Generations' Project is a great and relaxed way for families, pupils and school to work together to boost academic achievement, develop new skills and raise future aspirations. The project will involve six sessions that families can attend which will be full of fun activities and useful information. These will differ to last year. The best bit about The Generations' Project is that you can earn up to **£120** worth of books for your child! Your child will be able to select these books from the Norfolk Children's Book Centre in Norwich and take them home to keep. There will also be a chance to win a **free** voucher for a family day out in the summer holidays.

I have included an information leaflet with this letter to tell you more about the project and how you can be involved.

The Generations' Project will be starting soon on **Monday 19th February 2018**. Please let the school office know if you would be interested in taking part by **Friday 9th February**.

Yours sincerely,

Bradley Young
Headteacher
