

Curriculum 2018-19

Curriculum Vision: At Homefield Church of England Primary School, our subject thematic-based curriculum is designed to provide children with a broad window of learning about the wider world and their local surroundings. We ensure quality first teaching enables our pupils to have a real purpose for their learning alongside stimulating and engaging content. Our expectations are of the highest level and to achieve this we enable pupils' efforts to be celebrated, praised and valued. In order to maintain a progressive outlook, we are regularly reviewing and evolving our curriculum in order to keep learning fresh and appealing to all.

Three/four afternoons each week are dedicated to providing strong progress across the curriculum via a breadth of knowledge and outstanding and challenging teaching.

Not all subjects of study can lend themselves to this style of organisation, due to PPA cover. These are: PE/Games, MFL and Music.
